

Project Sheet

Project Number: RC09-000003 **Project Name:** Bridge Replacement of SR 4/US 1 over Altamaha River and Overflow, and Williams Creek

GDOT ID: 0001216

Project Description: Bridge Replacement of SR 4/US 1 bridge over Altamaha River and overflow, and Williams Creek.

Regional Commission: Heart of Georgia-Altamaha

County: Appling County

Phase	Total Project Cost	Total TIA Amount	Comments (Please note all cost estimates are in 2011 dollars and actual costs for all phases at year of expenditure will be higher):
CST	\$24,190,493	\$4,969,781	This project is partially funded through TIA. The remaining project costs will be funded by other sources.
ROW	\$321,810	\$0	
UTL	\$336,600	\$0	
Total	\$24,848,903	\$4,969,781	

Public Benefit	Notes
Maximizing the value of Georgia's Assets	This project could potentially maximize the full utility of an existing transportation facility(s). In some cases, bypasses will be necessary. Example benefits could be: mitigating congestion (e.g. operational improvements) and optimizing capital asset management (e.g. resurfacing, rehabilitation). The impacts would apply to this roadway segment, corridor, and/or intersection.

Additional Benefits	This project will benefit the public by replacing three functionally and structurally deficient two-lane bridges. The replacing of these bridges will provide a smoother surface for travel, along with optimizing capital asset management, and improving safety along this regional route. This project is part of the US 1 GRIP corridor.
