

Project Sheet

Project Number: RC09-000030 **Project Name:** Bridge Replacement at SR 135 over Altamaha River

GDOT ID: 0007037

Project Description: Replace bridge at SR 135 over Altamaha River

Regional Commission: Heart of Georgia-Altamaha

County: Jeff Davis County

Phase	Total Project Cost	Total TIA Amount	Comments (Please note all cost estimates are in 2011 dollars and actual costs for all phases at year of expenditure will be higher):
ROW	\$57,434	\$0	
CST	\$6,905,898	\$1,740,833	
Total	\$6,963,332	\$1,740,833	This project is partially funded through TIA. The remaining project costs will be funded by other sources.

Public Benefit	Notes
Maximizing the value of Georgia's Assets	This project could potentially maximize the full utility of an existing transportation facility(s). In some cases, bypasses will be necessary. Example benefits could be: mitigating congestion (e.g. operational improvements) and optimizing capital asset management (e.g. resurfacing, rehabilitation). The impacts would apply to this roadway segment, corridor, and/or intersection.
Additional Benefits	This project would benefit the public by enhancing safety in the area by replacing the structurally deficient bridge over the Altamaha River, with a structure meeting current design and load standards. The replacing of the bridge will also benefit the public by providing a smoother surface for travel, along with optimizing capital asset management.
