

# Project Sheet

**Project Number:** RC07-000025      **Project Name:** SR 388/Horizon South Parkway Widening from I-20 to SR 232/Columbia Road

**GDOT ID:** 0008350

**Project Description:** The purpose of the project is to widen SR 388/Horizon South Parkway to relieve congestion and improve LOS. The road widening project would improve the LOS for this major commuter route. Additionally, the project would provide a better access to an area that is currently experiencing major growth.

**Regional Commission:** Central Savannah River Area

**County:** Columbia County

Phase	Total Project Cost	Total TIA Amount	Comments (Please note all cost estimates are in 2011 dollars and actual costs for all phases at year of expenditure will be higher):
PE	\$448,408	\$448,408	
ROW	\$3,794,300	\$3,794,300	
CST	\$18,610,102	\$18,610,102	
UTL	\$2,653,098	\$2,653,098	
<b>Total</b>	<b>\$25,505,908</b>	<b>\$25,505,908</b>	

Public Benefit	Notes
Maximizing the value of Georgia's Assets	This project could potentially maximize the full utility of an existing transportation facility(s). In some cases, bypasses will be necessary. Example benefits could be: mitigating congestion (e.g. operational improvements) and optimizing capital asset management (e.g. resurfacing, rehabilitation). The impacts would apply to this roadway segment, corridor, and/or intersection.
Supporting Economic Growth/Competitiveness	This project could assist in having a positive impact on the economic vitality for this region, and in some cases possibly for the entire state. Its impact could also be observed along the roadway segment, corridor, and/or intersection. Example benefits could be: improved access to jobs; improved travel times for drivers; increased lane capacity; improved efficiency and reliability for freight cargo/goods movement; providing border to border and inter-regional connectivity; and improve local connectivity to statewide transportation network.
Ensuring Safety and Security	This project would benefit the public by potentially reducing the incidence of crashes along this roadway segment, corridor, and/or intersection.

Additional Benefits	This project would benefit the public by widening the road to improve the level of service for this major commuter route that currently has traffic volumes that range from 13,010 to 11,420 vehicles per day utilizing the road. Provides a better access to an area that is currently experiencing major growth.
