

# Project Sheet

**Project Number:** RC07-000096      **Project Name:** Augusta Public Transit Operations and Maintenance

**GDOT ID:** 0011379

**Project Description:** Augusta Public Transit provides comprehensive public transportation services throughout Richmond County. We provide mobility to the citizens and visitors of Augusta-Richmond County as well as to the medical community. Seniors maintain their independence, students are able to attend classes, and our citizens are able to get to their jobs and shopping. We also offer discounted rates to seniors, students and non-profit organizations. Augusta Public Transit also travels over 2,313 miles each weekday to provide safe, courteous, reliable and efficient fixed-route transit service to more than 3,000 daily customers.

**Regional Commission:** Central Savannah River Area

**County:** Richmond County

Phase	Total Project Cost	Total TIA Amount	Comments (Please note all cost estimates are in 2011 dollars and actual costs for all phases at year of expenditure will be higher):
TR-O	\$7,550,000	\$7,550,000	
<b>Total</b>	<b>\$7,550,000</b>	<b>\$7,550,000</b>	

## Public Benefit

Increasing Modal Options (Transit)

## Notes

This project will provide mobility options for all travelers; improve access to employment; and help mitigate congestion and maximize the use of existing infrastructure by promoting high-occupancy travel.

Additional Benefits

This project would benefit the public by reducing the number of automobiles on the roadways thereby possibly reducing the number of accidents and maintain transit service to citizens. It will enhance the quality of life for citizens especially seniors and disabled persons by providing them the independence to travel to various locations.
