

Project Sheet

Project Number: RC07-000114 **Project Name:** Daniel Field Airport -App. #1: New Hangar Doors for both Bulk Hangar and Maintenance Hangars

GDOT ID: 0011387

Project Description: Replace 20 doors per hangar on two hangars.

Regional Commission: Central Savannah River Area

County: Richmond County

Phase	Total Project Cost	Total TIA Amount	Comments (Please note all cost estimates are in 2011 dollars and actual costs for all phases at year of expenditure will be higher):
CST	\$1,000,000	\$1,000,000	
Total	\$1,000,000	\$1,000,000	PE will be paid by local government.

Public Benefit	Notes
Supporting Economic Growth/Competitiveness	This project could assist in having a positive impact on the economic vitality for this region, and in some cases possibly for the entire state. Its impact could also be observed along the roadway segment, corridor, and/or intersection. Example benefits could be: improved access to jobs; improved travel times for drivers; increased lane capacity; improved efficiency and reliability for freight cargo/goods movement; providing border to border and inter-regional connectivity; and improve local connectivity to statewide transportation network.

Additional Benefits	This project would benefit the public by replacing the doors on both hangars. Both are over 70 years old and have become harder to close over the years. These doors are in desperate need of replacement due to the rolling hazard as well as the potential for falling out of the tracks.
