**Public Benefit**

**Notes**

Ensuring Safety and Security

This project would benefit the public by potentially reducing the incidence of crashes along this roadway segment, corridor, and/or intersection.

Maximizing the value of Georgia's Assets

This project could potentially maximize the full utility of an existing transportation facility(s). In some cases, bypasses will be necessary. Example benefits could be: mitigating congestion (e.g. operational improvements) and optimizing capital asset management (e.g. resurfacing, rehabilitation). The impacts would apply to this roadway segment, corridor, and/or intersection.

**Additional Benefits**

This project would benefit the public through enhancing safety by increasing the structural integrity of the road by milling, resurfacing, and striping. The project will ensure motorist safety, and ride quality.
