

Project Sheet

Project Number: RC07-000129 **Project Name:** North Leg Road Improvements (Sibley Road to Wrightsboro Road)

GDOT ID: 0011396

Project Description: North Leg Road improvements from Sibley Road to Wrightsboro Road

Regional Commission: Central Savannah River Area

County: Richmond County

Phase	Total Project Cost	Total TIA Amount	Comments (Please note all cost estimates are in 2011 dollars and actual costs for all phases at year of expenditure will be higher):
PE	\$271,473	\$271,473	
ROW	\$50,000	\$50,000	
CST	\$3,461,284	\$3,461,284	
UTL	\$50,000	\$50,000	
Total	\$3,832,757	\$3,832,757	

Public Benefit	Notes
Ensuring Safety and Security	This project would benefit the public by potentially reducing the incidence of crashes along this roadway segment, corridor, and/or intersection.
Maximizing the value of Georgia's Assets	This project could potentially maximize the full utility of an existing transportation facility(s). In some cases, bypasses will be necessary. Example benefits could be: mitigating congestion (e.g. operational improvements) and optimizing capital asset management (e.g. resurfacing, rehabilitation). The impacts would apply to this roadway segment, corridor, and/or intersection.

Additional Benefits	This project would benefit the public through enhancing safety at the intersection by analyzing, designing and reconstructing the intersection appropriately in order to reduce the high volume of crash incidents that occur at this location. The project will provide congestion relief by correcting poor intersection geometrics that are currently causing poor sight distance.
