

# Project Sheet

**Project Number:** RC07-001217      **Project Name:** 5th Street Bridge (Bridge Repair and Restoration)

**GDOT ID:** 0011418

**Project Description:** This is a multi-span steel/concrete bridge. This project will address spalls with exposed reinforcement, severe cracking, repairing of expansion joints, cleaning and painting the structure.

**Regional Commission:** Central Savannah River Area

**County:** Richmond County

Phase	Total Project Cost	Total TIA Amount	Comments (Please note all cost estimates are in 2011 dollars and actual costs for all phases at year of expenditure will be higher):
PE	\$677,749	\$677,749	
CST	\$8,471,861	\$8,471,861	
<b>Total</b>	<b>\$9,149,610</b>	<b>\$9,149,610</b>	

<b>Public Benefit</b>	<b>Notes</b>
Maximizing the value of Georgia's Assets	This project could potentially maximize the full utility of an existing transportation facility(s). In some cases, bypasses will be necessary. Example benefits could be: mitigating congestion (e.g. operational improvements) and optimizing capital asset management (e.g. resurfacing, rehabilitation). The impacts would apply to this roadway segment, corridor, and/or intersection.

Additional Benefits	This project would benefit the public by enhancing safety by increasing the load limits, and allow for increased traffic volumes and loads by replacing the existing bridge with a new structure. This project will address spalls with exposed reinforcement, severe cracking, repairing of expansion joints, cleaning and painting the structure of this Multi-span steel/ concrete structure.
