

Project Sheet

Project Number: RC08-000022 **Project Name:** SR 103 passing lane from MP 11.8 to Troup County Line

GDOT ID: 0011430

Project Description: This project begins at a small creek crossing just south of South Progress Parkway at approximate MP 11.8 and goes north to the Troup County Line. The project would be approximately 1.3 miles in length. The project consists of the addition of a northbound passing lane. There would be right of way needed for this project. Design has not been done and would need to be part of the project. This project lies in the City limits of West Point and the County of Harris.

Regional Commission: River Valley

County: Harris County

Phase	Total Project Cost	Total TIA Amount	Comments (Please note all cost estimates are in 2011 dollars and actual costs for all phases at year of expenditure will be higher):
PE	\$329,600	\$329,600	
ROW	\$30,000	\$30,000	
CST	\$4,119,998	\$4,119,998	
Total	\$4,479,598	\$4,479,598	

Public Benefit	Notes
Maximizing the value of Georgia's Assets	This project could potentially maximize the full utility of an existing transportation facility(s). In some cases, bypasses will be necessary. Example benefits could be: mitigating congestion (e.g. operational improvements) and optimizing capital asset management (e.g. resurfacing, rehabilitation). The impacts would apply to this roadway segment, corridor, and/or intersection.
Ensuring Safety and Security	This project would benefit the public by potentially reducing the incidence of crashes along this roadway segment, corridor, and/or intersection.

Additional Benefits	Notes
	This project would benefit the traveling public by decreasing the frequency and severity of traffic accidents. The benefit will be providing a smoother surface for travel, along with optimizing capital asset management. The project would also assist the movement of freight from the industrial facilities located in Northwestern Harris County to Interstate 85 near West Point.
