

Project Sheet

Project Number: RC07-000019 **Project Name:** SR 1017/Flowing Wells Road from I-20 to SR 104/Washington Road Improvements

GDOT ID: 250600-

Project Description: SR 1017 three lane section.

Regional Commission: Central Savannah River Area

County: Columbia County

Phase	Total Project Cost	Total TIA Amount	Comments (Please note all cost estimates are in 2011 dollars and actual costs for all phases at year of expenditure will be higher):
ALL	\$20,000,000	\$20,000,000	
Total	\$20,000,000	\$20,000,000	

Public Benefit	Notes
Maximizing the value of Georgia's Assets	This project could potentially maximize the full utility of an existing transportation facility(s). In some cases, bypasses will be necessary. Example benefits could be: mitigating congestion (e.g. operational improvements) and optimizing capital asset management (e.g. resurfacing, rehabilitation). The impacts would apply to this roadway segment, corridor, and/or intersection.
Ensuring Safety and Security	This project would benefit the public by potentially reducing the incidence of crashes along this roadway segment, corridor, and/or intersection.

Additional Benefits	This project would benefit the public by widening the road to improve traffic flow, relieving severe congestion (13,082, average daily traffic) on this major commuter route, connecting two state highways to I-20.
